

PLANNING FOR FINANCIAL SECURITY

Register for this seminar today with the following code: PHSPHI11AA

In an effort to provide you with tools to better prepare to meet your financial goals, we are very proud to partner with VALIC to offer an educational workshop on **Retirement Income Strategies**. This seminar addresses the five risks associated with retirement and explains how the essential income planning process can help manage those risks. It is ideal for those who are approaching retirement and are interested in financial planning

In this seminar, you will learn about:

- The new retirement realities
- The five risks of retirement
 - Longevity
 - Healthcare
 - Inflation
 - Investment
 - Withdrawal
- The essential income planning process
