

Important Notice from the School District of Philadelphia (SDP) About Your Prescription Drug Coverage and Medicare

The School District of Philadelphia (SDP) is sending you this notice because you have prescription drug coverage with our group plan. Now that Medicare Part D is available, Medicare Eligible individuals have more choices in prescription drug coverage.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the SDP for people who are Medicare eligible or will become Medicare eligible. It also tells you where to find more information to help you make decisions about your prescription drug coverage.

If you are not Medicare eligible, and none of your covered family members are Medicare eligible, no action is required on your part.

Medicare Eligible Members: Read this notice carefully - it explains the options you have under Medicare prescription drug coverage, and can help you decide whether or not you want to enroll.

It has been determined that the prescription drug coverage offered in the Select Drug plan is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage will pay, and is Creditable Coverage.

Because your existing coverage is on average at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay extra if you later decide to enroll in Medicare coverage.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th. If you drop your SDP coverage and you choose to wait to join a Medicare drug plan, you may pay a higher premium (a penalty) if you join later. You may pay that higher premium (penalty) as long as you have Medicare prescription drug coverage. However, if you lose creditable prescription drug coverage, through no fault of your own, you will be eligible for a sixty (60) day Special Enrollment Period (SEP) because you lost creditable coverage to join a Part D plan. In addition, if you lose or decide to leave the SDP sponsored coverage; you will be eligible to join a Part D plan at that time using an Employer Group Special Enrollment Period. You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area.

Your current coverage pays for other health expenses, in addition to prescription drugs, and you will still be eligible to receive all of your current health and prescription drug benefits if you choose to enroll in a Stand-alone Medicare prescription drug plan. **If you decide to drop your SDP prescription drug coverage, be aware that you may not be able to get this coverage back.**

You should also know that if you drop or lose your coverage with the SDP and don't enroll in Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. For example, if you go nineteen months without coverage, your premium will always be at least 19% higher than what most other people pay. You'll have to pay this higher premium as long as you have Medicare coverage. In addition, you may have to wait until next October to enroll.
